SOP FOR CARGO HANDLING (Cont.)

25X1A6a

Each shipping facility is responsible for the proper packaging, marking, transportation, and offloading of cargo. After offload, MATS is responsible for storing, safeguarding loading on A/C and transporting to [redacted]. Cargo will have the cube and weight on each price before it will be accepted for shipping. Any other identifying marks on the cargo may be applied at the discretion of the shipper.

TERMINAL SCHEDULE:

NORMAL - Open daily 0600 hours to thirty minutes after A/C departure.
1h00 to aircraft return plus one hour.

SPECIAL - When necessary.
